- Fakta
- Polio Plus Programmet
- Status
- Hva kan vi gjøre?
- Verdens Polio Dag
24. oktober 2014

Fakta

- Poliomyelitt, ofte kalt polio.
- En sykdom forårsaket av polioviruset.
- Gir ofte influensa-aktige symptomer, men kan i noen tilfeller gi muskelsvekkelser. som fører til lammelser. Kan være dødelig.
- Årlige epidemier fra slutten av 1800-tallet.
- Det finnes ingen kur for polio men på 1950-tallet ble det utviklet en vaksine.

PolioPlus-Programmet

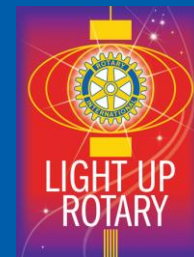

- **1979** - I tillegg til mange lokale og internasjonale prosjekter, begynte Rotary sitt arbeid for utryddelse av polio.
Det startet som en 5-års plan for å skaffe og distribuere poliovaksine til 6 millioner barn på Filippinene.
- **1985** - RI lanserer PolioPlus
Det første og største internasjonale privatstøttede offentlige helseinitiativ. Planen bygget på et samarbeid med internasjonale, nasjonale og lokale Rotary-klubber.
Målet er å vaksinere alle verdens barn mot polio.
- **1988** - Rotary samler inn USD 247 mill., målet var USD 120 mill.
WHO fatter vedtak om utryddelse av polio og lanserer »The Global Polio Eradication Initiativ».
Flere enn 125 land er rammet.

PolioPlus-Programmet forts.

- **2012** - Etter over 20-års bekjempelse ble India 25. februar friskmeldt for Polio av WHO.
For 3 år siden ble det siste tilfellet av polio registrert.
For 5 år siden ble neste halvparten av verdens tilfeller av polioviruset registrert i India, 741 av 1.604.
Før lanseringen av Global Eradication Initiativ i 1988 ble ca. 200.000 barn smittet hvert år.
Fakta var at man aldri trodde det var mulig å utrydde polio i India.

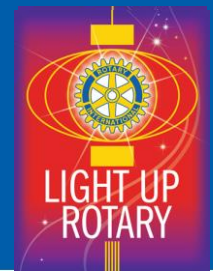

THE GLOBAL POLIO ERADICATION INITIATIVE

The fight to end polio is led by the Global Polio Eradication Initiative, which includes Rotary International, UNICEF, the U.S. Centers for Disease Control and Prevention, the World Health Organization, the Bill & Melinda Gates Foundation and governments of the world, with the support of many others around the globe.

Status

- **2014** - Fremdeles tre land gjenstår, Pakistan, Afghanistan og Nigeria.
- **1. oktober 2014:**

Wild Poliovirus (WPV) cases

Total cases	Year-to-date 2014	Year-to-date 2013	Total in 2013
Globally	209	284	416
- in endemic countries	190	91	160
- in non-endemic countries	19	193	256

SCENES FROM THE FIELD

The fight to end polio has limited the crippling to only three countries where transmission has never been stopped. Afghanistan, Pakistan and Nigeria remain the last bastions of a disease that once affected 350,000 children a year. These photos offer a glimpse into the effort to stop the disease once and for all.

AFGHANISTAN

In Afghanistan, not a single case of endemic polio occurred in 2013. Of the 11 cases reported, all were linked to cross-border transmission from neighboring Pakistan. This achievement reflects the success of social mobilizers, community elders, and religious leaders in forging community trust.

PAKISTAN

Winning community trust is vital to carrying out the polio endgame plan worldwide. Rotary members have established seven polio resource centers in Pakistan to build community trust in areas that are at high risk of the disease.

NIGERIA

Nigeria is closer than ever to eradicating polio, riding a successful effort to reach children in seven northern states at highest risk for the disease.

Status – forts.

- Rotarianere har bidratt til at mer enn 2,5 milliarder barn har blitt vaksinert mot polio.
- Det koster kun USD 0,60 per vaksine.
- På 20 år har polio blitt utryddet i 122 land.

- We are this close!

At Least Nine Polio Workers Killed in Nigeria

Feb 11, 2013 | David Scales | Research & Policy

Kick Polio Out of Nigeria by evanmwheeler 2009, via Flickr

On Friday, Feb. 8, at least **nine young women** working on a polio vaccination campaign were targeted and killed by gunmen in two separate incidents in Kano, the regional capital of Northern Nigeria. The two neighborhoods where the attacks took place, Unguwa Uku and Hotoro Hayi, have seen **previous actions** by a Muslim extremist group known as Boko Haram, a Hausa term meaning "Western education is forbidden".

Hva kan vi gjøre?

- **Bevisstgjøring**
 - Det er viktig at vi alle har kjennskap til og er bevisst vår rolle i bekjempelse av Polio.
 - At vi bidrar til å spre budskapet om innsatsen som gjøres.
 - Innlegg i lokalavisen?!
 - Bruk Facebook og Twitter.
 - Vi må alle være talsmenn for PolioPlus.
 - Din og min innsats vil bidra til å hindre at flere må lide av denne ødeleggende sykdommen.
- **Innsamlinger**
 - Bidra på endpolionow.org
 - Lokalt engasjement.
 - Arranger en innsamling der hvor du bor.
 - Oppmuntre nye medlemmer, familie og venner til å bidra.

Distriktets Polio Plus utlodning 2014

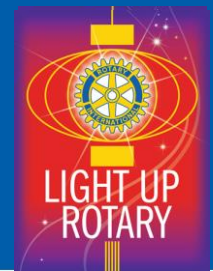

Et bilde av den kontroversielle Fredrikstadkunstneren Ingar Aasen, alias ART RANGER.

Bildet er verdsatt til 75 000 kroner.

Kr. 100,- per lodd og målet er minst Kr. 100.000,-
LØP OG KJØP!

Inntekten fra End Polio Now pins i 2013
var ca. Kr. 70.000,-

24. oktober 2014 – Verdens Polio Dag

GLOBAL UPDATE

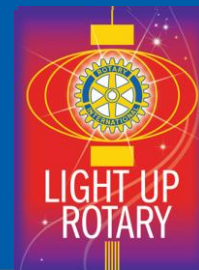

Where are we in the fight to end polio? What have we accomplished? Can we make history together? Find out on World Polio Day.

Join Rotary on World Polio Day, October 24, for a **live-streamed global status update** on the fight to end polio. Guests will include Global Polio Eradication Initiative partners, celebrity ambassadors, polio survivors and special guests. Tune in at 6:30 CT to watch the live event and take part in the conversation.

If you can't join the live event, you can still be a part of this moment in history. Share your voice online, advocate to your government or create your own World Polio Day event. Download the resources below to get started.

Add World Polio Day to your calendar.

FUNDRAISE

Rotary and the Bill & Melinda Gates Foundation have extended their partnership during the critical endgame phase of the Global Polio Eradication Initiative. From 2013 to 2018, every US dollar Rotary commits to polio eradication will instantly become three dollars, thanks to a 2-to-1 match by the Bill & Melinda Gates Foundation. Join Rotary in the final push to end polio and help make history today.

Dear Rotary Leader,

We are 99% of the way to a polio-free world – truly, “this close” to eradicating polio forever. On 24 October, help us get closer by spreading the word about our fight to End Polio Now with our communities and the world. Here’s how:

- Hear polio survivor and Ironman athlete Minda Dentler’s incredible story. Register today for our [End Polio Now: Make History Today Livestream](#) event.
- [Make a gift today](#) and protect another child from getting polio for life.
- Share Rotary’s fight to end polio with local government officials and use this opportunity to encourage them to support the global commitment to a polio free world. [Download advocacy and event resources](#).
- Show your support for polio eradication on social media and let your friends know that you want to end polio with this [new End Polio Now graphic](#).
- Host your own event on 24 October and add your voice to the conversation with the hashtag #WorldPolioDay.

Our global network of volunteers has helped the vast majority of the world end polio. On World Polio Day, let’s show the world that when Rotarians start something, they finish it. Let’s end polio now.
